PRODUCT SPECIFICATION

COMPOUND / BLEND
COMPLEX FERTILIZERS

NPK 15-15-15+8S

Specification	
Total nitrogen (N)	15.0 % (±1.0%)
Ammonium nitrogen (N-NH_4)	6,0 % (±1.0%)
Amide nitrogen (N-NH_2)	9,0 % (±1.0%)
Neutral ammonium citrate-soluble phosphorus ($P2O_5$)	15.0 % (±1.0%)
Water-soluble phosphorus ($P2O_5$)	14,0 % (±1.0%)
Water-soluble potassium (K_2O)	15.0 % (±1.0%)
Total sulpur (SO_3)	8,0 % (±1.0%)
Granulometry 1-5 mm	min 90,0 %
Moisture	max 1,0 %

Origin
European Union and/or FSU countries.

Packaging
In standard PP bags of 25kg, 50kg, big bags or bulk.

Storage and safety instructions
Store fertilizer in a dry place, away from direct sunlight. Big-bags should preferably be stored indoors. Storage is recommended to a single layer.
If stored outdoors pay special attention to the following:
-the storage site should be dry, shady and wind-protected;
-big bags should be placed on pallets;
-big bags should be protected with a cover.
Guaranteed shelf life is twelve months from the date of manufacture.
